FREIGHT INTERNATIONAL

A. HASHIM founded **Homepack Freight Int'l** in Karachi back in 1979 to provide high quality packing, moving and removal services.

In almost 36 years since then, the economy of Pakistan has changed dramatically and the country has become attractive for foreign investment in all areas. What has not changed however, is our company's

ABUBAKER HASHIM
PRESIDENT

commitment to excellence and to quality. Right from the beginning, principles of respect, professionalism and full service, have marked the firm out from the rest. The company says that it has

always been characterized by its continued investments in the resources that are needed to deliver high quality service in very challenging conditions.

Homepack also grown beyond, and despite the significant down turn in the global economy. Homepack did very well to ensure another set of excellent results. This was done through several initiatives that were taken to improve efficiency and productivity, as well as our gained market share in the rapidly developing domestic moving segment here in Pakistan. Despite some drop in Global Assignments last year, we are also starting to witness an upswing in the number of international moves we are handling and we are very hopeful of a very busy time ahead.

Homepack is the most respected and recommended company in Karachi, Lahore,

Islamabad, Quetta area. More than 25% of our business is referred to us by customers who have moved with us in the past. List of our satisfied customers is growing everyday and many of our customers have committed themselves to using us for any future moves they may make. Our success is the team work of our dedicated staff.
